Traffic Detection

Detection and counting devices track drivers, pedestrians, and even animals in motion. We use products like cycle counters, pedestrian counters, license plate recognition, and stop bar detection to create feedback systems. These traffic detection systems register motion and trigger resulting actions, such as alerting drivers when a caribou is crossing a highway.

Advanced Warning Systems

Our advanced warning systems protect vulnerable road users and enhance existing infrastructure by adding additional traffic calming and alerting systems to get the attention of motorists.

Municipal Asset Mgmt

Leverage our mobile cloud application designed to give municipalities more insight for managing and maintaining assets. This data collection can help you make smarter decisions as you will have access to specific asset attributes such as location, material, manufacturing details and more.

# A Message FROM CRIME STOPPERS

Dear Readers,

We hope you are enjoying the summer weather. In this issue we are proud to share with you tips on how to safely store and protect your off-road vehicles, and how to avoid pandemic-related scams, courtesy of the Alberta RCMP on pages 16 and 36 respectively.

The Edmonton Police Service recently launched a 'Young People Strategy' and you can read all about their plans on page 23.

We are also asking for information on a Missing Persons Case - please check out page 34 and contact local law enforcement or Crime Stoppers if you have any information about the whereabouts of William Sean Cuthbert.

Crime Stoppers continues to have another busy year - see our current statistics (in the sidebar)! We want to give a shout out to our friends at Global Edmonton for their incredible support in helping us to tell our story and how we make communities safer.

And while it has been a busy year, we need your support more now than ever. If you are able to help us out with a donation, we would be very grateful. You can donate online at [crimestoppers.ab.ca/edmonton#donate](http://crimestoppers.ab.ca/edmonton#donate).

We'd also like to extend our sincerest condolences to the Patton family, the members and the staff of the RCMP and our law enforcement family across the country on the loss of Cst. Shelby Patton. Read about Cst. Patton and his dedication to serving the community on page 38.

~ Crime Stoppers Association of Edmonton and Northern Alberta

# HOW STRONG IS YOUR PASSWORD?

Article from Get Cyber Safe  
 (https://www.getcybersafe.gc.ca/)

A strong password is what protects you from cyber criminals. Relying on a weak password, by contrast, makes it easy for cyber criminals to gain access to your accounts, steal your identity and even take your money. So, the question is: How do you know if your password is going to keep you protected or not? Here's are five ways to know if you have a strong password.

Make it more difficult for cyber criminals to guess your password and you'll be more likely to keep your accounts safe.

## YOU AREN'T USING THE NAME OF A PET OR FAMILY MEMBER

## YOU'RE USING A PASSPHRASE INSTEAD OF A PASSWORD

For many, it's important to have a password that's easy to remember. Inevitably, that means people lean on readily available options such as the name of a pet, family member or favourite sports team.

For many, developing passwords is as simple as choosing a word to use. And for good reason. One-word passwords are simpler to remember.

The problem is that this information is relatively easy for someone to find. Just think, for example, of the number of times you've posted photos on social media that included a reference to your dog's name.

The problem is, though, that "simple to remember" equates with "easy to guess" in the world of cyber crime.

That means that, with information so readily available, it's also going to be easy for a cyber criminal to track it down and use it to guess your password.

The more cyber secure option? Go with a passphrase instead of a password.

A passphrase is a mix of random words that only you would think to combine. Ideally, each passphrase would be at least four words and at least 15 characters long.

## Sno Valley Farms

Have a safe, fun summer!

One way to do this is to look around and create a passphrase out of the first four words you see. If you were trying to create a passphrase at a coffee shop, for example, you might end up with the following words:

- Mug
- Book
- Laptop
- Phone

The resulting passphrase is entirely unique to you – it would be next to impossible for anyone else to guess it.

### YOUR PASSWORD IS UNIQUE TO THE ACCOUNT/DEVICE YOU'RE USING

Many people, for the sake of simplicity, choose to use the same password for multiple accounts and devices. The problem is that if a cyber criminal can guess your password on one account or device (or they can get it from another means) then they can then gain access to all your accounts.

That's why a cyber security best practice is to develop a unique password for every account. It might be harder to remember, but it's the best way to foil any cyber criminals trying to gain access to your information.

Finding it difficult to remember all the passwords? Then consider using a password manager.

It keeps all your passwords safe in one place so you don't have to remember all of them.

### YOU'RE USING ONE OF GET CYBER SAFE'S STRONG PASSWORD "TRICKS"

One of the best strategies for developing a strong password is to develop something so unique that only you would know it.

One "trick" we recommend: Think of a memorable sentence that only you would think of. For example: The Best Month For Basketball Is In June. Then capitalize certain characters and add numbers.

In the above case, you might end up with the following: TbmfiIJ2733

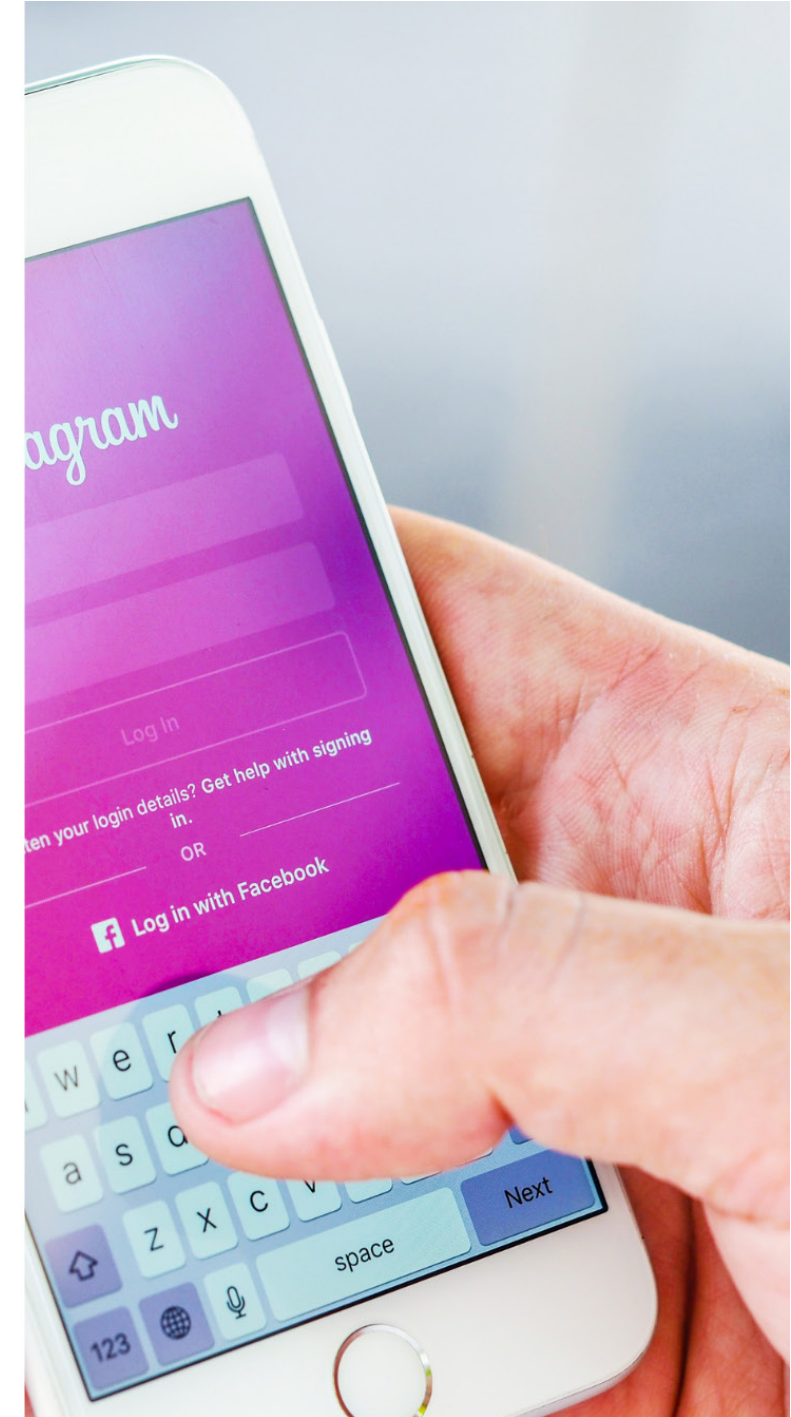

There! You've got a unique password that only you could remember.

**YOU HAVEN'T SHARED YOUR PASSWORD WITH ANYONE**

This last one is pretty straightforward, but it is also perhaps one of the most important.

Never, ever, ever, ever, EVER share your password with anyone. Not your friends. Not your teacher. Not even with your family members.

Never.

**HOW DO YOUR PASSWORDS MEASURE UP?**

If your password is weak in any of the above categories, consider re-evaluating and designing new ones.

After all, your password is all that protects your information, identity and even money from cyber criminals. Make sure yours is secure.

# HAVE INFO ABOUT A CRIME?

REPORT IT ANONYMOUSLY

## HOW DO I REPORT A CRIME?

Crime Stoppers exists primarily as a means of collecting information from the public – anonymously. Tipsters contact Crime Stoppers by phone or online through the p3tips website or by downloading the app.

When you use any of these methods, you will be given a unique tipster number. This number should be kept secret and recorded, as it is how you will be able to follow up on your tip to either add additional information or check to see if there was a reward.

## WHAT HAPPENS NEXT TO MY TIP?

Crime Stoppers takes the information given by the tipster and distributes it to the appropriate law enforcement agency (i.e. to the Edmonton Police Service in Edmonton and the RCMP in Northern Alberta).

## AM I REALLY ANONYMOUS?

We do everything we can to protect your anonymity because we know that by disclosing important information about a crime, having your identity revealed might put you at risk. The only time your anonymity may be open to challenge is in the following situations:

- A call to Crime Stoppers made with the intention of “furthering criminal activity or interfering with the administration of justice”.
- A party who is guilty of a crime cannot use Crime Stoppers to try to divert the blame onto someone else.
- Crime Stoppers cannot be used to try to “frame” an innocent person.
- There is evidence that disclosure of some or all of a tip is necessary to establish someone’s innocence.
- A tipster having received the benefit of full legal advice may, for his or her own reasons, elect to waive the privilege.
- A full and more detailed explanation of these principles can be found on the Canadian Crime Stoppers website – canadiancrimestoppers.org.

## WHAT HAPPENS WHEN AN ARREST IS MADE?

If the tip information helped the police make an arrest, the officer on the file will submit a form to the Crime Stoppers board stating this.

The board meets monthly to review the solved cases and determine a reward amount (between \$50 and \$2,000) for the tipster. At this point, a note is made on the file.

## HOW DO I CHECK MY TIP?

To check whether your tip has become eligible for a reward, you must call the tipline (1-800-222-8477) and provide your tipster number. The call taker will check to see if a reward has been authorized for that tip.

## IF MY TIP RECEIVES A REWARD, HOW DO I PICK IT UP?

Crime Stoppers works with ATB Financial to distribute the tip rewards. If your tip received a reward, you will be able to choose any ATB branch in Alberta to pick up your reward.

The branch will prepare an unmarked envelope with cash. You can walk into the branch, simply provide your tipster number, and walk out with the money. Your tipster number is the only information they ask for – another reason why it is important to keep this number secret so that no one else can pick up your reward.

# ALBERTA RCMP PROVIDE TIPS TO SAFELY STORE AND PROTECT OFF-HIGHWAY VEHICLES

With the nicer weather upon us, Albertans will ride their off-highway vehicles more often. Alberta RCMP reminds citizens to safely store and protect their off-highway vehicles.

In June 2020, **73 off-highway vehicles**, including two snowmobiles, six golf carts and one riding lawn mower, were stolen in Alberta RCMP jurisdictions.

*(continued on next page)*

## Here are some tips for keeping your recreational vehicles safe:

- 1 WHEN YOU'RE DONE USING YOUR RECREATIONAL VEHICLE, PARK IT IN A LOCKED GARAGE OR SHED.
- 2 IF YOU CAN'T PARK INDOORS, PARK YOUR RECREATIONAL VEHICLE IN SIGHT AND CHAINED TO SOMETHING.
- 3 FOLLOW A NIGHTLY CHECKLIST TO ENSURE EVERYTHING IS LOCKED UP AND SECURED FOR THE NIGHT.
- 4 TO ENSURE MAXIMUM PROTECTION, TURN ON YOUR OUTSIDE LIGHTS AT NIGHT.
- 5 ENGRAVE YOUR OFF-HIGHWAY VEHICLES AND OTHER VALUABLE ITEMS WITH YOUR NAME OR A SERIAL NUMBER.
- 6 KEEP A DETAILED LIST OF YOUR PROPERTY INCLUDING PHOTOS AND SERIAL NUMBERS.
- 7 MAKE SURE YOU HAVE A TIMER FOR LIGHTS AND SURVEILLANCE CAMERAS INSTALLED.

Follow #SummerSafety for crime prevention tips to safely store and protect your off-highway vehicles on our social media accounts on Twitter (@RCMPAlberta), Facebook (@RCMPinAlberta) and YouTube (@RCMP-GRC Alberta).

RCMP encourage the public to report any criminal or suspicious activity to police. Reports tell us where to look, who to look for, and where to patrol in the future. If you see a crime in progress, dial 911. If you wish to remain anonymous, contact Crime Stoppers at 1-800-222-8477 (TIPS), online at [www.P3Tips.com](http://www.P3Tips.com) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

# BECOME A CRIME FIGHTER!

This year more than ever, we need YOUR support!

It's been a tough year, for everyone. And while, we are hopeful for a brighter 2021, we are asking you to join us in our mission to help law enforcement prevent and solve crime.

Did you know, that since 1983, Crime Stoppers of Edmonton and Northern Alberta has:

- helped solve homicides;
- reunited missing people with their loved ones;
- provided the whereabouts of wanted fugitives to police;
- assisted in taking over **\$89 million in drugs, weapons and stolen property of the streets;**
- contributed to **over 8,000 arrests and 5,700 charges;** and
- awarded over **\$1.5 million** to tipsters to thank the public for coming forward!

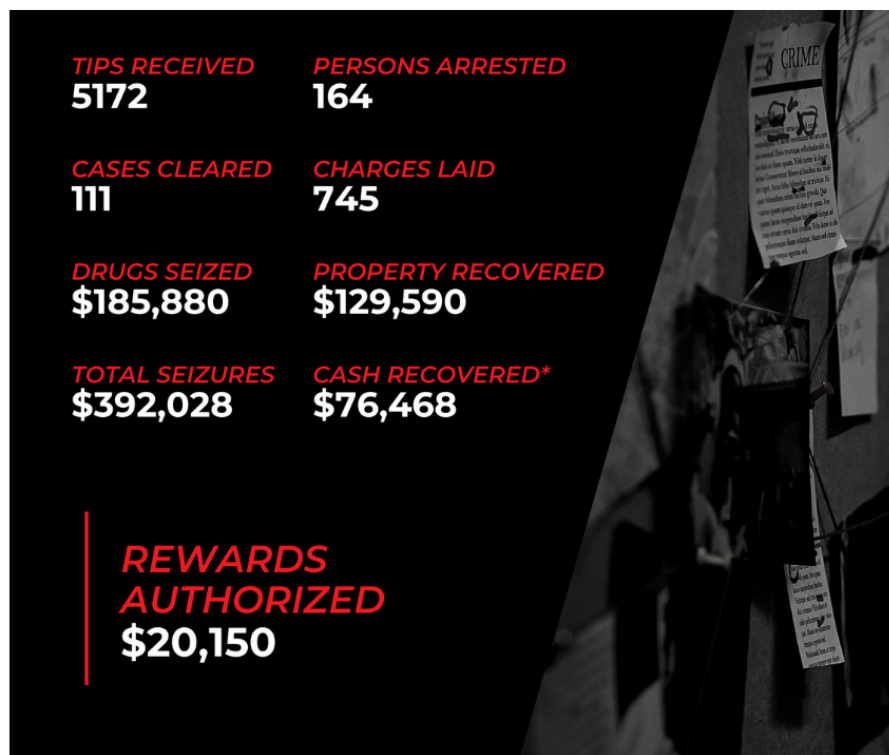

You can help make our communities safer in Edmonton and around Northern Alberta. **EVERY DOLLAR** makes a difference.

Donate online, by mail or phone – see the next page for all those details.

Please give a gift to Crime Stoppers today – every donation is eligible for a tax receipt.

We cannot thank you enough for your support.

Because of donors like you, we are able to help solve crime and take criminals and drugs off the streets!

# EPS announces new Young People Strategy 2021-2024

*Balancing support with enforcement by holding young people accountable in developmentally appropriate ways.*

On February 18, the Edmonton Police Service (EPS) announced its new Young People Strategy 2021-2024, outlining how the Service is balancing support with enforcement by holding young people accountable in developmentally appropriate ways.

The strategy, which reflects part of the EPS' 2020-2022 Strategic Plan, illustrates how a team of individuals from across the Service worked to understand adolescent development so that officers can better engage with, respond to and support young people.

A collective community effort, the strategy was developed on the current best practices and builds on the Service's strong foundation of youth-focused programming. Working collaboratively to identify and analyze issues, opportunities, and outcomes for police and young people, the team consulted with government agencies, local community services and partners, and young people, — including several with lived experiences of EPS programs — whose feedback and suggestions are the backbone of the strategy.

**"THE COLLABORATION BETWEEN SWORN AND CIVILIAN MEMBERS HIGHLIGHTS THE TIRELESS EFFORT FOCUSED ON IMPROVING AND FINDING NEW WAYS TO SUPPORT YOUNG PEOPLE," SAID LORI LORENZ, ACTING EXECUTIVE DIRECTOR OF THE EPS' VALUE & IMPACT DIVISION.**

"Research has revealed that young people's behaviour and their varying degrees of logical reasoning can correspond with their developmental stage, as the human brain does not fully mature until the mid- to late-20s. In recognizing this, we can better navigate them toward appropriate resources that will help young people establish a foundation of support and resilience in their lives that can lead to better outcomes for themselves and the community."

The World Health Organization defines 'Youth' as individuals in the 12-17 years age group and 'Young Adults' as the 18-24 years age group. While 'Young People' covers the age range 10-24 years.

With that in mind, the Service's multidisciplinary team reviewed over 200 documents and consulted with 15 partner organizations to discuss and identify current challenges and trends in young people's involvement in crime and victimization in Edmonton.

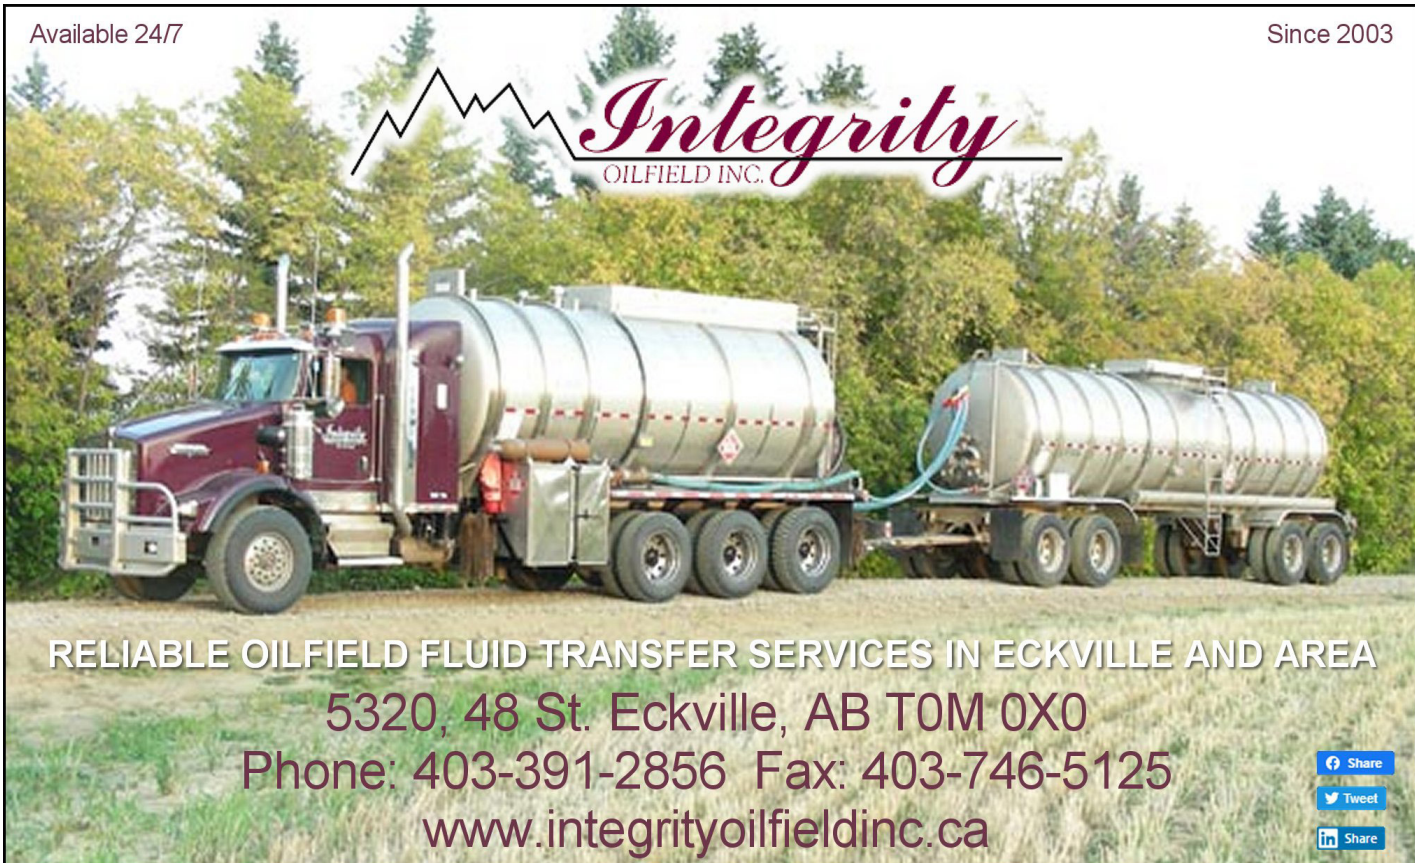

Young people have some of the highest crime rates in Edmonton and the highest rates of violent crime. They are also at an increased risk of being victims of crime. Understanding adolescent development and the factors that make some young people more likely to be involved in crime, or become victims of crime, can improve police and young people's interactions.

"Balancing enforcement with support is critical for young people," said Superintendent Nicole Chapdelaine of the EPS' Integrated Community Safety Division.

www.broadwaylivebroadway.ca 780-538-2927

"Suppose our members can provide the right response at the right time, specific to a young person's needs. In that case, we can help build resilience, support positive life trajectories and reduce the likelihood of contact with or out of and away from the criminal justice system in the future."

As first responders to many complicated situations, the EPS is well-positioned to support young people navigating to and negotiating for the most appropriate support. Through strong community partnerships and many of the Service's young people-programs, the EPS is working to prevent young people from entering into or becoming entrenched in the criminal justice system.

"For many young people, their first encounter with anything justice-related is through law enforcement, and this interaction can have a significant and lasting impression on them," said Michelle Fillion, Manager of the EPS' Youth Services Section

"Through our strong partnerships with mentoring programs, community groups and organizations, EPS members are better equipped with developmentally appropriate tools to effectively respond to and help support the positive development of young people."

In executing this strategy, the Service will enhance its ability to address young people-related policing issues and build and strengthen community partnerships. Simultaneously, it will become a leader by example, showing how positive policing and young people engagement can increase public safety, reduce crime, victimization, and recidivism, and foster trust between young people and our officers.

# Detective Rocky Hanson named Kiwanis Top Cop 2020

EPS officer recognized for outstanding volunteer service

The Kiwanis Club of Edmonton - Oil Capital has named EPS Det. Rocky Hanson as their Top Cop for 2020.

Det. Hanson was selected by the Kiwanis Club for his outstanding dedication and volunteer service to the community. For over two decades, he has coordinated numerous community activities and projects, and coached and mentored kids in a variety of sports.

Volunteering is one of the most important aspects of life for Hanson, who has tirelessly served his community for close to 25 years.

Hanson joined EPS in 2009, and at the time he was already an active volunteer with the Burnewood Community League organizing numerous sports activities, social events and fundraisers.

His leadership as league president for 22 years has helped Burnewood residents create a more healthy, vibrant, and inclusive community to live in, and together the league raised over a million dollars to develop two playgrounds and a multipurpose rink.

More significantly, Hanson helped establish the Spirit of Burnewood program to offer financial assistance for kids to be able to participate in recreational opportunities, and the Hungry Kids program to provide for the nutritional needs of school children, which have both greatly enriched the lives of families in the area.

Hanson has also devoted over 20 years to coaching and mentoring boys and girls in hockey, soccer, football, and boxing – helping them develop to the best of their abilities so they could be successful in athletics and in life.

(continued on next page)

Drawing on his years of coaching, community and policing experience, Hanson has also been helping local boxer Jama Gaiye Hoday with the Jambo Boxing and Fitness Centre, to offer vulnerable youth opportunities to build self-confidence, stable relationships, and healthy lifestyles.

Hanson is a caring and hard-working volunteer who has made a tremendous difference transforming people as well as neighbourhoods, and he exemplifies the true spirit of community that has helped build our city.

Kiwanis, which has recognized 45 EPS officers for their outstanding volunteer contributions in the community since 1976, is a global organization of volunteers dedicated to changing the world one child and one community at a time.

As part of the award, the Kiwanis Club of Edmonton - Oil Capital is donating \$1,000 to the Jambo Boxing and Fitness Centre on behalf of Det. Hanson.

Congratulations Det. Hanson!

## MISSING PERSONS CASE: SEAN CUTHBERT

Crime Stoppers and the RCMP are asking for help from the public

On June 18, 2019, Parkland RCMP released a request for assistance to locate 50-year-old William Sean Cuthbert. RCMP continue to seek information related to his disappearance. Cuthbert, who uses Sean as a first name, was last seen on Dec. 10, 2018.

The investigation has revealed that a male was using the identity of William Sean Cuthbert for a period of time before that male passed away in the spring of 2019. Investigators are looking for any information about William Sean Cuthbert and any people he associated with between Dec. 2018 and May 2019.

William Sean Cuthbert (50) is described as Caucasian, Grey hair, Hazel eyes, 5'8", 170 lbs, Scar on elbow.

If you have any information regarding this incident, please contact Parkland RCMP at 825-220-2000 or your local police. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at [www.P3Tips.com](http://www.P3Tips.com) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

Remember, anything reported to Crime Stoppers remains anonymous and if your information leads to helping solve this case, you could qualify for a reward of up to \$2000.

# ALBERTA RCMP PROVIDES FRAUD PREVENTION TIPS TO COUNTER COVID-19 RELATED FRAUDS

The pandemic has led to new COVID-19 related fraud in Alberta. From March 2020 to February 2021, there were over 10,700 reports of fraud in Alberta RCMP jurisdictions. Impersonation- and identity-related incidents accounted for 19.4 per cent of all reported frauds for that same period.

The top ten frauds in Alberta RCMP jurisdiction are as follows:

- |   |  |
|---|--|
| 1. Fraud (money/property/security) less than or equal to \$5000 | 6. Use/traffic/possess a forged document                     |
| 2. Identity fraud   | 7. Illegal possession or trafficking in government documents |
| 3. Fraud (money/property/security) greater than \$5000          | 8. Obtain food/lodging by fraud                              |
| 4. Identity theft   | 9. Fraud, obtaining transportation                           |
| 5. Theft, forgery, misuse of credit card                        | 10. Unauthorized use of computer                             |

Here are some tips to protect yourself by learning how to recognize and prevent fraud:

- Does this transaction make sense? If it sounds too good to be true, it probably is
- Ignore communication from unknown contacts
- Don't leave personal identification cards in your vehicle
- Purchase items from reputable organizations
- Research organizations via the Better Business Bureau
- Regularly monitor credit card statements for unknown or suspicious charges
- Never send money on a dating site

Follow #kNOwfraud for fraud prevention tips on our social media accounts on Twitter (@RCMPAlberta), Facebook (@RCMPinAlberta).

If you have been the victim of a fraud, report it to your local police service and to the Canadian Anti-Fraud Centre online at: [www.antifraudcenter.ca](http://www.antifraudcenter.ca) or by calling: 1-888-495-8501. You should also contact your bank and credit card company if you believe your personal or financial information has been compromised.

RCMP encourage the public to report any criminal or suspicious activity to police. Reports tell us where to look, who to look for, and where to patrol in the future. If you see a crime in progress, dial 911. If you wish to remain anonymous, contact Crime Stoppers at 1-800-222-8477 (TIPS), online at [www.P3Tips.com](http://www.P3Tips.com) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

# Remembering Cst. Shelby Patton

*Tragedy unfolded early on June 12, 2021 for the Saskatchewan RCMP family*

While responding to the call of duty, Constable Shelby Patton of the Indian Head RCMP Detachment, lost his life, while following two suspects who were driving a stolen vehicle, a truck, from Manitoba.

Constable Patton initiated a traffic stop with the truck in the town of Wolseley. During the course of the stop, while outside of his police vehicle, Constable Patton was struck and killed by the truck.

Constable Patton's family is also part of the RCMP family. They have lost a husband, son, and brother. Crime Stoppers would like to offer our sincerest condolences to Cst. Patton's family and friends and our RCMP family across the country.

The following is an excerpt from Cst. Patton's obituary.

*He is survived by his wife Mari Grobler, sister Kaela, and his parents, Ashley and Melanie, sister-in-law Katie, in-laws Piet and Erna, grandparents Don and Linda. Shelby was born and raised in Yorkton, Saskatchewan. Right after graduating from RCMP depot in Regina, he was posted briefly at the Parliament in Ottawa before moving to Indian Head.*

*Shelby loved many things. He would read, write, create, and was always building and doing house and yard renovations. There was no stopping his passions. He loved animals, bringing home every stray he found just to nurse it back to health. He loved the outdoors and would often go hiking and on adventures travelling around the globe with his wife. He was always willing to help out friends and family on whatever project they were doing. Most of all, he loved his wife truly, madly, and forever. He was lucky enough to find the love of his life right next door to the family acreage and married her in 2016.*

*Those who knew Shelby, know that we have lost a shining light and a hero.*

*He will be forever remembered in our hearts and may we all live up to his standards -- be kind, be humble, be busy, be friendly, be good.*

**We would like to thank the following Companies & Sponsors for their support. Their assistance is instrumental in the production & distribution of the publication. We would like to show our appreciation by asking our readers to consider doing business with these companies. Thank you!**
